Graduating Class of 2013

On Friday 15th November it gave me great pleasure to attend and speak at our Graduation Ceremony for the Year 12 class of 2013. It was an absolute pleasure to join our Year 12 students, their families, friends and staff to celebrate students completion of their formal schooling. We are all extremely proud of our students achievements and they are all congratulated on the endeavour and effort they have displayed in order to successfully complete Year 12 with either a VCE, VCAL and/or VET qualification.

Our students are now embarking on a new stage of their lives and we wish them every success with the road ahead of them and look forward to them sharing that journey with us over the years ahead. As they embark on this I once again reiterate some of the key messages from my speech to graduates at their graduation ceremony.

Graduates, as you step forward into a brave new world:

- Believe in yourself
- Don’t stop learning
- Take control of your life
- Create opportunities and live them
- Give back, be generous

Finally, some words of advice from well know author, Dr Seuss,

"You have brains in your head. You have feet in your shoes. You can steer yourself in any direction you choose. You're on your own. And you know what you know. You are the guy who'll decide where to go."

Seeing our students shine

What a fortnight it has been in terms of seeing our students shine and displaying their outstanding talents and abilities!

It all started with our Year 12 Graduation Ceremony with our Year 12’s celebrating their achievements and didn’t they shine on the night.

This has been followed up by some outstanding individual and team achievements from our students in the last two weeks.

The Campaspe Cohuna LLEN celebrated the VET in schools (VETis) Excellence Awards for 2013. Rushworth P-12 College students were finalists in a number of categories. Congratulations to Leigh Horgan winner of the excellence award in Engineering and Amber Lunney winner of the excellence award in Beauty. VETis offers students nationally recognised vocational certificates approved for senior secondary students, and is endorsed for recognition in both the VCE and VCAL by the Victorian Curriculum and Assessment Authority (VCAA).

Finally, Tuesday 26th November, saw our Year 8 Girls Volleyball Team head off to the State Championships in Melbourne. After some incredibly tough competition our girls came away with one win and a great experience of competing at State level. Congratulations and well done Shanae, Natalie, Zoe, Maddie, Jess, Monique and Janelle.
Start Up Program
Next Monday 2nd December will see our students in Years 7-10 commencing their 2014 Start Up Program. Start Up is an opportunity for our students to commence their units of work and studies for their 2014 subjects. Our current Year 10 students will move forward and commence either their VCE or VCAL subjects and I know many of them are looking forward to the opportunities and challenges that will come with their new subjects. Where possible students will be working with their 2014 teachers to enable them to make the most of these last few weeks of the year and to give all students a great foundation for commencement of the 2014 school year.

All students in Years P-10 are expected to be in attendance at school through until Friday 20th December.

A final College assembly will be held on Thursday 19th December and students will need to be in attendance to be in the running for one of two iPad mini’s that will be on offer as part of our attendance incentives for 2013.

Enrolments 2014
The past week has seen a significant number of enrolment enquiries and confirmations for 2014 and I am pleased to say that we have plenty of room to accommodate even more students. If you know of families yet to enrol their children in school for 2014 please encourage them to drop in and see us over the coming weeks.

Kind regards,
Brad Moyle, Principal

A ‘can do’ attitude for the community.

Recently we were asked a question — “Is this possible?” The answer was a resounding YES! Only too happy to help.

What was the question? The Waranga Aged Care Hostel had secured some full (as in not cut in half) wine barrels to be utilised as garden containers for the residents.

Technology Assistant, Pop Doyle, and his handy team of Year 10 Design Tech students solved the problem for the Hostel and willingly cut the barrels in half (pictured with Pop below are Dan Newton & Andrew Gelsi).

Do you have a project we could help you with? You only need to ask to see what the answer could be.
The Year 12 Graduation Dinner was held at the All Seasons Resort in Bendigo on Friday 15th November.

This is the event of the senior school year where we sit back and enjoy celebrating the achievements our Year 12 students have made throughout their final year of schooling.

The Year 12 students, families and friends and college staff enjoyed a wonderful evening.

Award winners were as follows:

**Domain awards:**
- **Technology** - Sandy Fisher
- **Mathematics** - Brodie Aburrow

**Rushworth & District Lions Club Citizenship Award** - Melissa Brown

**Caltex All-Rounder Award** - Brodie Aburrow

**Campaspe Cohuna LLLEN - VCAL Excellence Awards** - Amber Lunney, Melissa Brown

**Awards of Excellence** went to Brodie Aburrow, Melissa Brown, Tim Wall, Sandy Fisher, Stephanie Lucreziano, Ryan West, Sophie Rathjen, Amber Lunney, Carly Hamilton and Laura Martin.
Left: Maureen McCarthy from Rushworth Lion’s Club presents the Citizenship Award to Melissa Brown.

Right: Anne Trickey from CCLLEN presents one of the VCAL Excellence awards to Amber Lunney.

Middle left: College Council President, Cass Alexander presents the Caltex All Rounder to Brodie Aburrow.

Middle right: Anne Trickey from the CCLLEN presents the second VCAL Excellence award to Melissa Brown.

Left: The Graduating class of 2013 with their completion certificates.

Congratulations to all our Year 12’s
Students taste success at VET Excellence Awards

The college are very proud to announce the recent successes of two of our VET students at the recent Campaspe Cohuna LLEN VET Excellence awards. Leigh Horgan and Amber Lunney were nominated by their respective employers and trainers for these prestigious awards. After a interview before a panel of judges Leigh and Amber were invited to the awards evening at the Moama Bowling Club on Wednesday 20th November, as finalists in their respective categories.

Leigh was nominated for his excellence in his Engineering studies, whilst Amber was nominated in two categories; one for her excellence in her Beauty studies and secondly for her work at the Rushworth Pharmacy with her School Based Apprenticeship.

The function room at the Moama Bowling club was filled to capacity with students, families, business representatives and school staff to celebrate the achievements these students had accomplished throughout their VET studies.

Leigh was announced the WINNER of the VET Engineering category. For Leigh this was a back-to-back win, taking out the award in his first year of VET Engineering last year as well. Leigh has been fortunate enough to secure a full time apprenticeship with Trevaskis Engineering in Tatura and begins work there next week on his return from Surf Camp. Congratulations Leigh on your success.

Amber was also successful in WINNING the Beauty category. Amber undertook her study at Kyabram Community Learning Centre and put her skills to work at various spa / pamper days in Rushworth. Amber was also a finalist in the School Based Apprentice of the year—one of 3 to make the finals from across the region. Although not a winner in this category Amber is to be commended on her commitment to both fields of study.

Both students took home a lovely framed certificate and $150 in prize money.

Congratulations again to Leigh & Amber.
This Year’s Year 9 CFA Advance crew held their final presentation evening last Wednesday 20th November. Parents and families got together with all of the wonderful CFA volunteers to celebrate the achievements this group of young people have made over the year.

**Another great year for the CFA Advance program—well done one and all.*
Year 9 YEP Reward Excursion.

In Term 4 the YR 9 YEP students were asked to research and organise their own reward excursion. The students brainstormed a range of potential venues for their excursion, from Luna Park in Melbourne to Zone in Bendigo. The students were given a budget and asked to work with in these restraints.

The final decision was for a day excursion to Geelong’s Adventure Park. The YEP students organised the excursion kit, all the excursion notices, booking of the venue, getting quotes for the bus and driver, booking the bus and convincing Hannah the College Chaplain to come along to enjoy the Day!

The students were all brilliantly behaved for the entire day and made the best of some pretty ordinary weather. Well done YEP students, I am very proud of your efforts this year!

Frankie O'Toole
YEP Coordinator

Quotes about the day:

Taylah Bons - “My favourite ride at the Water Park would have been the Aqua Racers. I believe the day was successful and I know this because there wasn’t one second of the day where I didn’t see a smile on everyone’s faces. “

Blake Rosenberg - “I enjoyed the Archery the most. I think the day was successful because we all had fun. I am happy that this was our reward for all the work we have done this year.”

Gabby Finnigan - “I enjoyed the Go Karting there. I think the day was successful because everyone enjoyed the day.”

Above: Jayson Andrews, Hayley McIntosh, Mikayla Marshall, Ebony Sacco & Kylie Rexhep enjoy the water activities at the Adventure Park.
The Year 9 YEP students strike a pose for the YEP archives....

The College will be holding a Christmas Gift stall on Tuesday 17th December from 9.30am til 1.00pm in the College Hall

This is an opportunity for students to purchase gifts for family and friends.

A variety of gifts will be available ranging from 50c to $5.

(Mark the date on your Calendar now)
The P-6 Unit has been busy over the past two weeks participating in camps and transitions. The P/1/2 and 5/6 class have been involved in transitions which saw students working and socialising in different groups. The P/1/2 students thoroughly enjoyed hosting our 2014 preps on Monday 25th November. Kinder students participated in literacy and numeracy activities which included a book study on “The Paper Bag Princess” and looking at Number and Subtraction. The 5/6 Transition on 27th November saw the 5/6 students spending a large portion of the day participating in Year 7 activities such Design Technology and Maths.

Within the Primary unit students and teachers have also been busily working on our concert items in preparation for the Rushworth P-12 College Concert on Wednesday 4th December. We are all extremely excited to be showing off our talent and hope to see parents, grandparents and friends of the College supporting us on the night!

Year 7 and 8: The Year 7 and 8s are busy preparing for their end of semester exams in all their subject areas. The exams will be held in subject times throughout the week. We wish all students well and remind them to revise thoroughly at home.

Prep—Year 8 Awards

Prep – 2: Jack Clarke (for excellence in his writing and mathematics)
Sera Ratokalau (for fantastic improvement in her reading)

Year 3/4: Jordann Rodgers & Baylee Bons (for displaying excellent behaviour on our Grade 3/4 camp to the Old Priory in Beechworth)

Year 5/6: Declan Baldwin: for improved attitude in class and improved effort with his work
Isabelle Crute: for always trying her best and producing work to a high standard
Brandon Gaertner-Sullivan: for showing improvement in his writing
Jake Jones: for being a good help in science on the year 7 transition day

Year 7: Paris Lehmann - Outstanding work in English
Kiarrah Lehmann - Outstanding work in English

Year 8: Tommy Coyle (for his consistent hard work and application to task)
Jessica Hamilton (for her participation in discussions and positive contribution to the class)

Literacy & Numeracy

Prep – 2:

Literacy Focus: Over the next two weeks students will be finalising work on their narrative writing. This will complete a process that has included brainstorming, planning, drafting and typing final copies.

Numeracy Focus: Having developed confidence in addition with regrouping, Grade 1 and 2 students in particular will begin working on subtraction with borrowing. Prep students will continue to work on building their place value and number knowledge.
**Year 3/4:**

**Literacy:** Students in Grade 3/4 will be revising different features of language used within reading and writing, particularly focusing on nouns, adjectives and adverbs. Students will be working on purposeful reading activities that relate on our daily focus. Our spelling focus will relate to homophones and homonyms. Student’s will used related words in their daily LSCWC.

**Numeracy:** In Numeracy, students will be learning about symmetry and revising strategies to complete challenging addition, division, multiplication and subtraction equations.

**Year 5/6:**

**Literacy Focus:** In reading, students will be revising a wide range of comprehension strategies and will be discussing the strategies they use and why. They will also be looking at how they can apply their inferential comprehension skills to a variety of factual texts. When writing, students will be completing their work on narrative texts and will also be completing some reflective writing on their year at school this year.

**Numeracy Focus:** Students will be revising all the maths topics they have covered this year, and will also be continuing to work on their times table knowledge.

**Year 7:**

**Literacy Focus:** The Year 7s have been focusing on their On Demand testing and preparation for their exams this week in all subjects. The Year 7 English exam will include two sections, the first an expository essay on the novel Living with Leanne and the second a persuasive text on a current issue facing society.

**Year 8:**

**Literacy Focus:** The Year 8 students loved the movie “What’s Eating Gilbert Grape” and are completing an expository essay exploring the ways in which the main character was helped to develop a more positive view of his life.

**Year 7 Acrostic poems……..**

S
See how her feet stay
H
Halfway near the girth
O
Over top or under the saddle blanket
W
Watch as she jumps
J
Jumps high over the jumps
U
Under pressure slightly scared
M
Mum’s cheering in the crowd
P
People shouting, horse is spooking
I
I know she can make it
N
Now the last jumps turn
G
Gone over, well done, she placed!

By Natalie Zonneveld
Year 7
Recently the Prep, One, Two students stayed after school for some fun and games and a BBQ tea. Everybody who came along had a good time.
Year 3/4 Beechworth Camp

On Tuesday 19th November, Grade 3/4 students headed off on the bus for camp to the Old Priory in Beechworth. Our luggage was packed into the trailer and we eagerly travelled down the Hume Hwy, stopping at Glenrowan for morning tea and arriving at Beechworth just before lunch. Students were split up into their rooms and were ready for a fun day exploring Beechworth. One the first activities students participated in was Billy Tea and Damper. Most students tried this and by the sound of it, they enjoyed it! Our afternoon consisted of exploring Beechworth and the local park, having a tour of the Beechworth Honey Company, visiting the Beechworth Sweet Company and cooling off at the local Beechworth Pool. Our evening activities on the first night consisted of a campfire with “Evo”. He talked to the students about the history of Beechworth and different stories relating to important people within Beechworth.

On Wednesday, students awoke early for a fun filled day of exploring the historic part of Beechworth as well as gold panning. We set off on the bus with Evo to the gold panning area where we were greeted by a helper who explained the rules of gold panning. After sifting through some dirt, many students found some gold! After our gold panning, we headed back into town and had morning tea at the lake. Our afternoon activities consisted of visiting the Historic Courthouse and participating in a mock trial, visiting the Bourke Museum and exploring the Telegraph Station. In the evening, we had our own disco with students dancing to their favourite music.

On Thursday, we set off for our final activities at the Old Priory. We walked down to the “Shed” to watch a Blacksmith demonstration. We learned a lot about the different processes used to turn metal into artwork, beds, fire pokers, dragons, tables and chairs. After the demonstration we had morning tea and set off to the Murray Brewery Cellars. We met a lady who took us on a tour of the old part of the Brewery. We explored the old carts that were used to transport materials to build the cellar and other buildings. We sampled two flavours of cordial, with raspberry being the overall favourite!

We returned to the Old Priory to collect our luggage, have our lunch and board the bus for home. We stopped in Glenrowan on the way home for a tour and talk at Kate’s Cottage. All students thoroughly enjoyed their time on camp and will be able to share many stories about their experiences.

Katherine McIntosh
Year 3/4

Court House visits & Discos - all the fun on Beechworth Camp, turn the page for more...
Year 3/4 Beechworth Camp

History, Gold panning, Bushrangers, Discos and more...we all had a great time on Camp!
**Library Learnings**

**Ho, Ho, Ho!!!!**

It is that time of year again....

All Primary students have been very busy making Christmas decorations for the Library.

![Dana Rodgers & Jay-Leigh Meguyer are busy making Christmas chains. Jay-Leigh’s smile says it all!!!!](image1)

Christmas resources on display in the Library.

Make sure to keep on reading over the Christmas Break :)

Library Manager - Kerri-Anne Nurse

Preventing and Managing Snake Bites

The months are getting warmer and with this comes the added risk of snakes. They are on the move and there appear to be quite a few out and about enjoying the warmth. Be particularly aware of snakes in the evening as they like to get the warmth from the road. Below is a few hints on how to be a bit more snake savvy and what to do if you are unfortunate enough to be bitten.

Snakes come out of hibernation during the warmer months and in urban areas will inevitably move into, or near places where people live and work in search of food or a mate.

Snakes may have found quiet shelter at your workplace whilst the site has been vacant over weekends or holiday breaks. Cool, dark protected areas such as under buildings and near sheds, around rubble and stored materials, and in long grass are typical areas that snakes may be found. As with all Australian native animals, snakes are protected under the Nature Conservation Act 1992 and cannot lawfully be killed or taken from the wild and held in captivity.

It can often be difficult to tell the difference between a venomous and non-venomous snake therefore people are wise to call for professional help as snake bites can easily occur if inexperienced people interfere with snakes.

Snakes are not usually aggressive and do not seek confrontation with humans but may retaliate if provoked.

**The important thing to remember is to never attempt to catch or kill a snake** – most snake bites occur when people are trying to do this. It is not necessary to try and identify the type of snake as if a person is bitten, physicians may be able to identify the type of snake from residual venom on the skin. Also, for many Australian snakes, a polyvalent antivenom (antivenom that is effective for multiple species of snake) is often sufficient for treatment of snake bites. If you do see a snake please contact Injured Wildlife on 0409331333 or 58561243.

**If a snake is seen or reported on or near the site:**
1. Note the location of the snake and ensure that this area is isolated until the snake is removed
2. Remove all staff and students from immediate area or evacuate the room until snake is removed
3. **DO NOT** approach, attack or otherwise provoke the snake. **REMEMBER - IF PROVOKED IT MAY STRIKE**
4. Contact Injured Wildlife on 0409331333 or 58561243 if you have a snake in or around your home that you would like to have removed

**Prevention:**
1. Minimise the food sources for snakes by removing anything that may attract rodents or frogs.
2. Reduce rubbish/materials where a snake could shelter.
3. Wear gloves and boots when moving stored materials and rubbish - they will give some protection.
4. An increased awareness of snakes is the best protection. The snake will not be looking for you, so be alert and on the lookout for snakes.

If a snake bite occurs, **call 000 for an ambulance**, use the pressure-immobilisation technique (details attached), and **have the patient taken immediately to the emergency department of the nearest hospital**.

**Pressure Immobilisation Technique**
The pressure-immobilisation is a first aid technique for venomous bites. Its purpose is to retard the movement of venom from the bite site into the circulation, thus "buying time" for the patient to reach medical care. Research with snake venom has shown that very little venom reaches the bloodstream if firm pressure is applied over the bitten area and the limb is immobilised. Pressure-immobilisation is recommended for all species of Australian snakes, including sea snakes. The Australian Venom Research Unit has a video of the Pressure Immobilisation Technique available on their website: [http://www.avru.org/firstaid/firstaid_pib.html](http://www.avru.org/firstaid/firstaid_pib.html)
Additional information:
- It is important to keep the patient still. This includes all the limbs.
- Do NOT cut or excise the bitten or stung area
- Do NOT apply an arterial tourniquet. (Arterial tourniquets, which cut off the circulation to the limb, are potentially dangerous, and are no longer recommended for any type of bite or sting in Australia.)
- Do NOT wash the bitten or stung area. The type of snake involved may be identified by the detection of venom on the skin.
- Note: Even if the bitten or stung person is ill when first seen, the application of pressure-immobilisation first aid may prevent further absorption of venom from the bite or sting site during transport to hospital.
- If the bandages and splint have been applied correctly, they will be comfortable and may be left on for several hours. They should not be taken off until the patient has reached medical care.
- The treating doctor will decide when to remove the bandages. If a significant amount of venom has been injected, it may move into the blood stream very quickly when the bandages are removed. They should be left in position until appropriate antivenom and resuscitation equipment has been assembled.
- Bandages may be quickly reapplied if clinical deterioration occurs, and left on until antivenom therapy has been effective.

Information regarding Pressure Immobilisation Technique sourced the Australian Venom Research Institute. http://www.avru.org/firstaid/firstaid_pib.html

Newsletter 2014
The College are currently reviewing how we will disseminate our College news for the 2014 school year, and we would like to gauge your response before we make a decision.

The options we are proposing include;

- Emailing home the newsletter on a fortnightly basis (NO PRINTING) □
- Printing once per term - A College Highlights mini magazine and posting home. □
- Compiling a once a week - one page flyer of the highlights of the week, emailing home. □

Please tick ✔ the option/s that you prefer and send this slip back to the general office by Monday 2nd December 2013.

Please feel free to contact Kerrie Raglus at the College if you have any ideas.

Email address: __________________________________________

STANHOPE SCOUTS FACES CLOSURE

Stanhope Scout Group requires a new Group Leader and Chairperson immediately; otherwise as of the 1st of February 2014 the Stanhope Scouts will be forced to close.

Stanhope Scouts has a ninety year history of Scouting in Stanhope. 1st Stanhope Scouts currently has 13 Cubs and Scouts aged from 7 - 15 years attending the group on a weekly basis, along with their three leaders.

It will be extremely disappointing to have to tell these kids that they can no longer do scouting in Stanhope.

Scouting provides opportunities to engage in many outdoor activities including hiking, camping, water activities and many other adventurous activities. It is a fun youth based organisation which encourages all members to try new things, be part of their community and to be active.

When you are around this sort of enthusiasm you can’t help but want to be involved. We have three community volunteers on our group committee all willing to work hard to continue Stanhope Scouting tradition; we just need someone to lead the group.

We are looking for community minded people who enjoy working, with adults and children, as part of a team in leadership roles.

Previous experience in the scouting movement is preferred but not essential as full training for the role will be required to be undertaken.

A Working with Children’s Card and police check will need to be completed for all volunteers Stanhope Scouts needs help NOW. If you are up for a challenge and think you may be able to help or have any questions please contact Greg Watkins 0418148659.
Year 8 Girls Volleyball team appear in the STATE Finals.

Our Year 8 Girls Volleyball team competed brilliantly at the Melbourne Sports and Aquatic Centre on Tuesday 26th August. The girls headed down full of energy and excitement to take on the best in Victoria and they played their hearts out! Their first game was against Monbulk and after a slightly nervous start the girls competed extremely well. After this the girls took on Lakes Entrance and worked well as a team, sticking to the team plan and working to take control of the ball (which has been a focus for the year). The girls lost this game three sets to one with very close results in each set. The final game for the day was cancelled due to a forfeit. In the end the girls came third in their pool and should be fantastically proud of the way they represented themselves and Rushworth P-12 College! Congratulations to Monique Silva (C), Janelle Doolan, Jess Hamilton, Maddi Kromek, Shanae Baldwin, Zoe McIntosh and Natalie Zonneveld on a great season!

A huge thank-you to the family members who came along to support the girls and to Mr Daff for driving the bus.

Preparations are soon to get underway for next year and we are hoping to be able to expand our Volleyball program to start achieving this success with many more teams across a number of year levels. We will also be looking into additional competitions throughout the year......stay tuned!

Amanda Cray, Sports Coordinator and very proud Coach!!
