---

Above: Hayley McIntosh had a great week at Girton Grammar, Bendigo experiencing what it was like to be a Health or PE teacher.

Below: Blake Rosenberg honed his photography skills and gained an exciting insight into working in photo journalism with the Shepparton News.

Read more about Year 10 Work Experience on pages 4, 5 & 6.
Dear Rushworth P-12 College Community Members,

It gives me great pleasure to welcome all our families back to the College routine for the start of what promises to be another engaging and exciting Term of learning at Rushworth P-12 College. A special welcome is extended to the Ratila family, with Sienna joining us in Prep at the start of the Term.

We have also welcomed a number of new members to our teaching and learning team at the College for Semester 2. Congratulations are extended to Stacey McMillan who has been appointed as Leading Teacher P-12 for the remainder of 2014. Alongside her teaching duties, Stacey will now join the leadership team and has taken on the portfolios of Transitions, Data Manager and Induction, amongst other shared roles with our other Leading Teachers, Chris Hogan and Maree Moyle. We welcome two new staff members, Miss Louise Dupuy, joining us to teach Year 8 Maths & Science and Literacy Support, and Mrs Sue Bradley, taking on the role of VCE Legal Studies, VCE Business Management and Year 7-9 Humanities. Finally, those of you who missed the news at the end of Term 2, Ms. Carolyn Fraser has joined our classroom teaching team for the remainder of the year, now teaching our keen learners in Year 5/6.

It was fantastic to welcome all our students back to the College last week and speak to them about a couple of the key themes that we are asking them to take on board this term. The most essential of these is putting their best foot forward and making a commitment to get all their work completed to the best of their ability, this includes work assigned during class time, assignments and homework tasks. As a staff we have made a commitment to support students to meet this challenge by ensuring that we follow up on set tasks that are incomplete. Unfortunately, this has seen a significant number of senior students spending their lunchtimes in, completing work under staff supervision. In order for all of our students to progress we require them to show a degree of mastery of the skills that they have been taught and have learnt, in many cases this is demonstrated through the assigned work or regular practice. I encourage all parents to support their son or daughter in this endeavour by providing support at home, an area for students to complete work in and of course the necessary emotional and family support to boost the confidence and engagement of your children and our students.

PBIS News

2014 is a year of preparation as we develop a school wide approach to Positive Behaviours Interventions and Supports (PBIS) across the College. Our PBIS Team have been hard at work and recently finalised our Expectation Matrix, built around the three community chosen expectations of Be Respectful, Be Responsible and Be Resilient. Once approved by College Council we look forward to sharing our Expectation Matrix with you as we work towards a school wide program implementation in Term 1, 2015.

All families should have received a competition invitation late last week to design a College mascot to support the work of our PBIS Team and to represent the College in general. From talking to and listening to students there are some great ideas out there, so please make sure that you get your entries in ASAP.

Attendance Awards

Congratulations to all students and families for a significantly improved attendance rate over this time last year. It is great to be able to share the good news that attendances are improving and I have no doubt that with this improvement in attendance rates we will also see a lift in student performance across the College as time goes on. Each semester we have two attendance incentive rewards, an IPad mini for one student from the P-8 Team...
and one from the 9-12 Team. Semester 1 winners were Matthew Caton and Karissa Phelan. Remember to be eligible for the draw students need an attendance rate above 90%.

Involvement

Finally, I would like to encourage all our families to become involved with the College over the term ahead. There are lots of great opportunities to support students and their learning, or just to be involved with the College, either in programs, events or providing us with feedback. Take the plunge and be involved, you will be surprised at how rewarding an experience it is. Please do not hesitate to either myself, Chris Hogan, Maree Moyle or Stacey McMillan to explore how you can be involved over the term ahead.

Kind regards, Brad Moyle, Principal

If you have ideas for our Mascot, please draw an image or insert a visual representation of our Mascot on the attached Wanted Poster, with a name for the Mascot written on the solid line. Remember our Mascot needs to represent the College, preferably with an Australian theme (or even better with a Rushworth theme or link) and cater for students from Prep – Year 12.

Entries for our Mascot competition can be submitted to the General Office by Friday 1st August, 2014.

The top four entries will be judged by a selection panel comprising student, staff and parent representatives with the winner receiving a $50 Target Card in addition to being the proud creator of our Mascot.

Don’t forget to put your name and contact details on the back of the Wanted Poster.
Year 10 Work Experience

Year 10 students work hard for their dollar!

In Year 10, the concept of Work Experience plays an important role for students, a week in the world of work gives them a taste of what the future may hold in the career direction of their choice. It gives them an introduction to what it is like to ‘work’ for a whole day, what it’s like to get out of bed earlier than usual, drive to work, drive home from work and be busy all day long. Some of our students soon realised it’s not as easy as they first thought!

At the College our Year 10 students headed out into the big wide working world on the last week of Term 2. 19 students headed out to 19 different businesses, and explored what the world of work could offer them. On a whole the students thoroughly enjoyed their experiences, some learning new tasks and skills.

Some of our students didn’t enjoy everything they did for the week, and this is ok. Sometimes we have an idea of what we would like to do, but once we do it, we realize that’s not enjoyable at all! This is one of the important aspects of Work Experience too.

So where did our students go?
We had students placed in workplaces all around the district, from Nagambie, Shepparton, Tatura, Kyabram, Stanhope, Rushworth, Colbinabbin, Rochester, Bendigo and even as far as field as Daylesford.

In what sort of businesses?
Placements ranged from schools, to hospitals. Working with trades like bricklaying, electrical, metal fabrication, and plumbers. Tinkering with cars, motorbikes and hair do’s, working in the media publishing photos, or helping direct a movie, some students worked on the farm where the wheat is grown and another worked with the flour that wheat makes in a bakery, baking bread. And of course no work experience week could pass without someone working with a Vet, caring for animals.

Feedback from our supportive employers has been very positive, and we want to thank each and every one of them for their support of the college and the program. Not all of these businesses are recognized by the School Friendly Business initiative that we are a partner of; but we sure deem the ‘school friendly’ just by supporting our students.

Students were punctual, enthusiastic, polite, well mannered, and were great role models for the college. Employers were very positive in their comments regarding these skills.

Employers were:

- Rushworth Bakery, Rushworth.
- Carl & Dea Brown at Colbinabbin
- Rushworth & District Kinder & Childcare
- S/E McLeod Home Maintenance, Rushworth.
- Girton Grammar School, Bendigo.
- Rushworth P-12 College, Rushworth.
- Sacred Heart Primary School, Tatura.
- WW & JA Cheong, Electrical, Stanhope.
- GV Health Waranga Campus & Waranga Aged Care Hostel, Rushworth.
-曹
- Paul Evans, Engineering, Rochester.
- Judith Mulholland Farrier Vet at Lancaster
- Hair on High in Nagambie
- All About You Active, Shepparton.
- Shepparton Motorcycle Centre, Shepparton.
- Shepparton News, Shepparton
- Stanhope Motors, Stanhope.
- Chubb’s Gas & Plumbing, Daylesford.

College Values: RESPECT, Resilience, Excellence, Support, Persistence, Encouragement, Community, Trust.
Parents too also need to be thanked for making the effort through the week to get their student to and fro from work.

Our students are also to be commended for their behaviour, attitude and enthusiasm. You ALL did extremely well!

I will end with this quote;

“I didn’t want to go on Work Experience at all, but I am glad I did it was a great experience and I have an idea now of what I might like to do, thanks for making me”!

That makes this Work Experience Coordinator VERY happy.  

Kerrie Raglus

Above Left: Sam Brown enjoyed his engineering experience with Paul Evans.

Above: Tom Brown was a big helping hand on the farm of Carl & Dea Brown, Colbinabbin.

Left: Gus Meulenmeesters thoroughly enjoyed his week at Shepparton Motorcycles, working on bikes and servicing mowers.
Year 10 Work Experience

Top left: Ebony Sacco had a fabulous time exploring becoming a teacher at Sacred Heart, Tatura. Top right: Jayson Andrews got out of bed early each day to bake bread (and landed himself a job!) Bottom right: Mikayla Marshall explored the different roles in Aged Care at GV Health. Above: Gabby Finnegan learnt there really are a lot of skills involved in Hairdressing.
‘Mini Market Morning Tea’

Tuesday 5th August
10.30am – 12.00 pm

• Come along and sample some scrumptious morning tea,
• Enjoy a cuppa on the deck
• Purchase some of our FRESH garden produce, Buy some plants for your garden, take home some preserves or gifts (all reasonably priced)
• HELP US RAISE SOME FUNDS!
• Take a tour of the Kitchen Garden space.
• SUPPORT THE REBIRTH OF OUR GARDEN PROGRAM

ALL WELCOME

Applications are open for the teenage camp at Portsea.
Monday 22nd September /26th September.
Cost $155.00. AGES 13 years / 16 years.
For further details contact
Avis Weller
58546383 / 0409438386.

Applications close 1st Sept.
LATE APPLICATIONS WILL NOT BE ACCEPTED.

Now is the time to ENROL your child for 2015.

As EVERY DAY is OPEN DAY at Rushworth P-12 College, contact us to arrange a tour or send you an Information Pack.
Years Prep - 2

Learning Foci:

**Literacy** this week includes learning focusing on using and developing our vocabulary and discussing when why it is important to discuss certain topics.

Next week we will be learning about recognising the sounds letters make in words and creating informative and persuasive texts.

For the next few weeks the Prep students will be revising the letters we have already learnt, a, l, m, n, p, s, t, d, g, o, c, k, e, f, b as well as introducing the letter I and , consolidating our learning and understanding of these letters.

**Numeracy:** This week our numeracy focus for all students has been learning about describing the position of objects and giving and receiving detailed instructions. The grade two students’ will also be looking at rotating shapes.

Next week’s focus will include, for preps, looking at associating numerals, groups of objects and number names with numbers to twenty.

Grade one and two students are looking at creating equal groups of objects.

*Megan Flynn*

---

**READING AWARDS**

- **75 nights:** Bradley Bons
- **100 nights:** Eta Ratokalau
- **150 nights:** Jackson Stewart

**Bronze certificates:**

- Jayden Bloomfield
- Tamikah Clark
- Jackson Stewart
- Harry Werner

The Primary grades have had a flying start to Term 3! With students enthused about being back at school and ready to learn their new topics! Just a little reminder to parents to send a jumper with your child to school and please check that it has their name on it, Thank-you.
**Year 3/4**

The Grades 3 & 4’s have had a brilliant start to Term 3. Every student in our class has come back to school with a positive attitude and a willingness to learn.

Miss McDonald has been very proud of how well everyone has been working over the past week! Keep up the great work 3/4’s. 😊

Our **Numeracy focus** for the next two weeks is to represent and solve problems involving Multiplication and Division, using efficient mental and written strategies. We are also looking at Fractions and Decimals. We will be modelling and representing unit fractions and their multiples to a complete whole. Students will also start counting by quarters, halves and thirds. In Literacy, we will be focussing on Identifying the audience and purpose of imaginative, informative and persuasive texts. We will also be looking at planning and delivering short presentations.

**Nightly reading and homework**

Please try to remind your child to read every night where possible. Even if you are listening while cooking dinner.

Also a lot of homework is going home but not getting completed or being brought back to school. It would be a great help if you can ask your child if they have any homework hiding in the bottom of their bags. 😊

---

**Year 5/6**

**Literacy Foci**

Our Literacy focus for week two is to identify and explain characteristic text structures and language features used in imaginative, informative and persuasive texts. We are learning the ‘Self-Monitoring Strategy’ (SMS) to improve our reading comprehension.

During week three we will plan, rehearse and deliver presentations for defined audiences and purposes incorporating accurate and sequenced content and multimodal elements. Our reading comprehension strategy will be the ‘Activating Prior Knowledge Strategy’ or ‘Getting My Knowledge Ready (GMKR).

We are focussing on ‘Good Fit Books’ to make our Independent Reading enjoyable and worthwhile.

**Numeracy Foci**

Our work in Numeracy over the next two weeks will be focussing on the following topics:

- **Number and place value**
  - Use efficient mental and written strategies and apply appropriate digital technologies to solve problems (subtraction this week)

- **Fractions and decimals**
  - Investigate strategies to solve problems involving addition and subtraction of fractions with the same denominator.

**Inquiry**

Our inquiry focus for Term 3 is the Commonwealth Games.
Year 7

Year 7 Maths Focus: The numeracy focus for Year 7 for the coming two weeks is working with fractions so that students can add, subtract, multiply and divide fractions. Students will also be revisiting percentages and decimals and linking them to their equivalent fractions.

Year 7 English Focus: We have been focusing on Figures of Speech, looking at the following terms; alliteration, hyperbole, metaphor, simile, onomatopoeia, oxymorons, paradox, personification, understatement, and synecdoche. Students have been working on identifying these terms, creating their own examples and using them in their writing.

Year 7 English Vocabulary Building Weekly Word List

Each week students in Year 7 are expected to look up the definitions, learn the spelling of and know how to use the words from that week's list in sentences. Each week on Friday, students will have a spelling test on that week’s words. Student have been given the word list for the both term 3 and term 4, and have been advised to write the test dates into their planners. It is the students responsibility to learn the words and find the definitions of the words. The first vocabulary test will be in Week 2 on Friday July 25th.

Year 8

As you know Carolyn Fraser is now taking the grade 5/6 class and is no longer the Form Group Teacher and we thank her for her efforts. Annemaree Klinberg and Stephen Baker will be the Form Group Teachers for Year 8, with Miss Klinberg working Tuesday to Friday and Mr. Baker having Wednesdays off. Year 8 students were off to a reasonable start for Term 3, although some students were still in holiday mode. Please feel free to contact either Miss Klinberg or Mr. Baker with any concerns you have regarding your student. Let's make Term 3 a great one!

English: In Literacy, the students are currently working on more persuasive writing techniques, designing tourist advertisements for countries where they will be competing against one another and the entire class to design the most persuasive/enticing advertisement. Students will also be working on their spelling, punctuation and grammar on a regular basis, as well as practising their comprehension skills with extensive reading and questioning. The students will be given homework at the start of the week to be corrected on Friday. Students are also advised to follow their Individual Learning Plans in particular to ensure that they are reading on a regular basis. Miss Klinberg and Mr. Baker.

Mathematics: For the next two weeks in Maths the year 8s will be focussing on factorising and simplifying algebraic expressions by identifying numerical factors, using the four operations.
The Year 7 and 8’s have had a fantastic start to term 3, with all students getting straight back into school routines and the completion of school work.

Our combined year 7 and 8 boys football team competed at the winter sports, and while they weren’t the overall winners for the day, the boys tried hard and gave each game their best shot! Congratulations to these boys for their fantastic effort and behaviour on this day.

In other news, our Year 7 student Mitchell Coughlan competed in a cross country event in Melbourne, where he got to compete against some of the best in the state. Mitchell came 87th out of 120 and should be congratulated for his effort and enthusiasm for this event.

Finally, a reminder to all Year 7 and 8 students that they should be coming to school dressed in full school uniform and that they should be completing all set homework tasks.

Well done to all Year 7 and 8 students for the way they have settled into term 3, Keep up the good work!

Maree Moyle, P-8 Leader.

---

**PARENTS DON’T FORGET!**

**CHANGE OF DATE TO CURRICULUM DAY**

**Please note that due to travel arrangements of our International Presenter, Daniel Gulchak, our Curriculum Day is being moved from Wednesday 27th August to Thursday 28th August. Please note on a calendar at home.**

---

**CANTEEN WINNERS REVEALED!**

Caine McCarten was very pleased to draw the winners of the Canteen Competition which was open to any student placing a lunch order in Term 2.

The winner of the IPod dock was **Lily Kenney** and **Andrew Robinson** won the cook book.

Congratulations to these students.

There were 413 senior students entries and 149 junior students entries in the draw which is very impressive.

Thank-you to all students and staff who support the canteen.

*Carolyn Geisler, Canteen Manager*
Student Awards / Worthy of Praise

Year P/1/2:  
Jayden Bloomfield, for his commitment and positive approach to all learning tasks.  
Sienna Ratila, for a great positive start to school at Rushworth P-12 College.

Year 3/4:  
Our weekly award winners this week were Zac Price and Dana Rodgers for their hard work. Congratulations to those 2 students!!

Year 5/6:  
Imogen Giffening – Presented in recognition of consistently displaying College Values  
Jasmine Werner – Presented in recognition of consistently displaying College Values  
Cody Vanderdonk for helping Annette in the Kitchen Garden  
Year 5/6 Art class - for making the butterflies to distract the cabbage moth in the Kitchen Garden.

Year 7:  
Caitlyn Spiby for consistent top efforts in every lesson.

Year 9 - 12:  
Blake Rosenberg, Hayley McIntosh & Taylah Bons, for their enthusiasm and attitude towards their studies. Completing all set work to a high standard.

Caitlin Brown for achieving an excellent 96% on her Business Related Maths SAC

The following VCE students should be commended for completing all their HOLIDAY HOMEWORK, demonstrating a commitment to their VCE studies and responsibility for their learning! Well done!!

YR 12: Caitlin Brown, Chloe Fisher

YR 11: Kelly Turgoose, Jazmyne Weatherhead

YR 10: (fast trackers) Taylah Bons, Blake Rosenberg

Kelly Turgoose & Jazmyne Weatherhead for their commitment to the Murray River Culinary Challenge competition. Keep practising for the Regional Final on the 13th August

Jayson Andrews for completing a successful Work Experience resulting in obtaining part time work at the Rushworth Bakery.

Staff:  
Christine Williams, Hannah Johnson and Kaylene Raglus for the wonderful bacon, egg and hash-brown sandwiches served at Breakfast Club this week.

Annette Morris - for her dedication and diligence in improving the Kitchen Garden.

Book Week - Saturday 16th August to Friday 22nd August, 2014

College Values : RESPECT, Resilience, Excellence, Support, Persistence, Encouragement, Community, Trust.
Maths Matters

NUMBER GAMES

There are a range of games which are published in books and which are suitable as family games and can be used to practice mathematical skills. Card or board games can be taught that provide practise with mental arithmetic and other mathematical strategies. When playing games for which there is a degree of logical thinking implied, talk with your child about better moves, or plays which lead to winning. Think together about ways which can help win. Verbalising strategies are important for logical thinking.

Some other games that can be played easily include:

Guess my number
One player thinks of a number, say between 1 and 100, the other player can ask questions only using the words “more or less”. For example a player might ask “Is the number more than 52?” The first player must answer either yes or no.

Race to 10
This game has two players. Starting at 0 they take turns and can add either 1 or 2 to the last number said. The player who says 10 is the winner. For example, suppose: A says 1 3. B says 4, 6. A says 7, 8. B says 10. So B wins. Note that the game has a winning strategy. This game is flexible. You can play Race to 21 counting by numbers from 1 to 3, or race to 50 using 1 to 6, for example.

One you lose
You can play this game with two players on each team, or individually. The first player to score 100 wins. Each player in turn rolls a dice and adds the number shown to their total for this turn. They can stop their turn at any time. If they roll a “1” then their turn is over and they score nothing in that turn. If they stop before rolling a “1” their total for this turn is added to the previous total. This is their score. They do not lose this score even if they roll a “1” on a future turn. Depending on the age, the children might add the dice numbers in their head, but add the score totals on paper. Each player keeps his/her own score. The game is mainly for practise of adding on with numbers up to 100.

The winners for the June Mathematics competition were Year 7 and 8 - Jaimee Cornford and in Grade Prep to 6 - Imojen Giffening.

For more ideas keep an eye out for the ‘Maths Matters’ section in each fortnightly newsletter.

Margaret Turner. Numeracy Support, Rushworth P-12.
Senior School Information Evening
This event is on Wednesday 30th July, and we encourage ALL parents and students in years 9, 10 and 11 to attend.

2015 Information booklets have been handed out to all students in Years 9 – 11, and include all the information surrounding our VCE, VET and VCAL programs for 2015. Representatives from GOTAFE, Latrobe University & the Defence Forces will be in attendance. VCE and VCAL staff will be available to talk to regarding subjects, programs and the requirements necessary to complete the senior years at school successfully.

OPEN DAYS
We are rapidly approaching the season for University & TAFE OPEN days. All Year 11 and 12 students will be provided with an OPEN DAY CALENDAR in the next few days. If you would like to request a copy to be sent home via your student please contact me at the College. OPEN DAYS are a valuable resource for students and parents to attend, with most of the learning organisations offering sessions for parents to attend too. For specific information regarding OPEN DAYS please contact me at the College.

Melbourne Career Expo
The Melbourne Career Expo is coming up on the 15th - 17th August. I have several FREE passes for Year 11 and 12 students who may be interested in attending.
The event is touted as one of the largest and most comprehensive in Australia. FREE information sessions will run all day with some VCE Subject Specific Lectures being provided.
The FREE passes entitle you to attend at anytime throughout the event:
Friday 15th August 10am – 3pm
Saturday 16th August 10 am to 4pm
Sunday 17th August 10am to 4pm.
Event being held at Melbourne Convention and Exhibition Centre.

Interested in attending? Then please pop into the Careers office.

Scholarship Opportunity for School Leavers - Ski or Snowboard Industry
We are pleased to announce the following scholarship opportunity which is open to school leavers with beginner through advanced ski and/or snowboard ability.

EA offer Ski & Snowboard Instructor Internship Programs at top ski resorts around the world. Our programs are popular with school leavers because they provide an opportunity to obtain paid employment at a top resort, whilst completing an internationally recognised ski or snowboard instructing qualification.

This is the third year EA Ski & Snowboard have offered a scholarship place. The winner will receive a free place on an EA program for the coming 2014-15 winter season at one of our partner resorts around the globe... that could mean Canada, USA, Japan, Switzerland or New Zealand!

EA are also offering a number of substantially discounted runner up places.

We are looking for someone who would be a great ambassador for the snowsports industry, make a good instructor and who is passionate about skiing or snowboarding. Interested pupils can visit the website for more information and to apply. www.easkiandsnowboard.com

Note: Scholarship applicants should have been skiing or snowboarding before!

Until next edition,
Kerrie Raglus, Student Pathways
This three year partnership study invites local people to partner with health professionals and service planners to design the right sorts of services for rural communities to improve oral health outcomes.

WHO DO WE NEED?
Local people from all walks of life interested in improving the health of their local communities, including:

- Community members
- Professionals from all fields
- Health professionals

*We understand you may wear many of these hats and that’s great*

WHAT DO WE WANT PEOPLE TO DO?
Contribute your stories, ideas and knowledge into developing a local plan for oral health improvements.

HOW DOES IT WORK?
Attend some workshops over the next two years exploring:

- What would work to improve your community’s oral health?
- What initiatives from other rural communities might be useful?
- How might we plan for the future of oral health across the Shire?

WHEN AND WHERE?
29th JULY 11am - 1pm
Kyabram Community Learning Centre
Lunch will be provided

WHO DO I CONTACT IF I WANT TO GET INVOLVED? Please register so we can cater accordingly.
Karen Marini (LMMML) 4408 5679 or kmarini@lmmml.org.au
Dr. Virginia Dickson-Swift 5444 7852 or v.dickson-swift@latrobe.edu.au

We acknowledge funding for this study from the National Health and Medical Research Council (Grant ID number : AP 1057362). The contents of this published material is the responsibility of La Trobe University as the administering institution, partners or individual researchers and does not reflect the views of the NHMRC.
The Sports Locker

As it is the start of Term not much has been happening on the Sports field at school so far, but please check out some local opportunities to get involved.

Junior Stadium Netball/Bring It On! Netball

Indoor Netball Kyabram Sports Centre

Programs starting Wednesday 13th August – 6 weeks

Come and join a team for a 6 week netball challenge. Learn skills from coach Fleur Nurse, then put it all into practice playing matches against each other with umpires that assist in your learning.

<table>

Mini Net (ages 5 – 9) still currently running with Bring It On! Netball (skills training with Fleur) together with Learn As You Play games with assisting umpires (Kylie).

Please text Kylie Hutchings 0419 998190 or Fleur Nurse 0432379509 for registration.

TATURA AMATEUR BASKETBALL ASSOC. SPRING COMPETITION

Registration and Come and Play Night

Featuring Shepparton Gators Big V Players – JL, Matt Bartlett and Nic Dodd

When: July 30th

5.30 - 6.30 players Ages 8 -12
6.30 -7.30 Ages 13-16

Where: Tatura Stadium, Albert St, Tatura

Cost for the season: new players $120 (includes BVC registration); returning players $85. No door fee.

Season Starts: August 18th
If you have anything you would like to have published in our College newsletter please email articles to: rushworth.p12@edumail.vic.gov.au

STANHOPE
COMMUNITY EMERGENCY RESPONSE TEAM

ARE YOU INTERESTED in knowing what a Stanhope CERT members does, or interested in joining our team, then the Stanhope CERT are having an information evening on Monday 11th August at the CERT office Godley Place Stanhope (next to the Hall) 7.00 pm to 8.30pm.

This evening is where the CERT members will talk about their role in the community as well as talking about what is involved in becoming a team member.

Come and hear what we do, how you can join our team, or just to have a cuppa.

PH: GLENDA COWIE 0438 572 452
NEVILLE COWIE 0438 572 314

"Spring into Theatre Workshop" - Echuca Moama Theatre Company

September school holidays just got better for 20 young people! Would you like to be involved in a holiday program that ends in a musical theatre performance? Do you love theatre and drama and wish to hone your skills and have a bit of fun?

The "Spring Into Theatre Workshop" is designed to encourage local youth to develop musical theatre skills and confidence. (Young people currently involved in this year's EMTC Youth Production are not eligible to apply)

Five days of fully supervised fun for 12 - 18 year old, current Secondary School students. An action packed week of fun and learning skills of the theatre from 22nd - 26th September 2014.

Learn: drama games, audition skills, voice care and projection, body and movement, character development, sets, props and backdrops, Build self esteem and confidence, make new friends.

Facilitated and tutored by experienced actors, directors, backstage crew, trained teachers and a local playwright.

Three days of intensive learning at Echuca Moama Theatre Company's shed on Simmie Street, Echuca. A trip to see a major production of Les Miserables in Melbourne and a day of performance on Friday at local Aged Care facilities to showcase your talent.

Total cost is $200 per participant (includes some snacks and drinks, transport and show tickets for Melbourne trip and youth membership to EMTC)

To Book: (limited to strictly 20 places on a 'first in' basis)

Send an email to make a tentative booking (you must have parental consent to do this!): emtcinfo@gmail.com

Complete the Registration Form that will be emailed to you (only the first 20 applicants will receive this form - you will be advised if you are on the waitlist)

Post completed paperwork along with a cheque or money order

Or email completed paperwork and pay via EFT Or attend to pay in cash/ bring your cheque/ money order on the due date 2nd August Full details for payment are on the registration form.

Places are NOT CONFIRMED until payment & registration form is received. Enquiries to: emtcinfo@gmail.com or phone Lesley on 0419260902.
